**Cc:** Henderson, Katie  
**Subject:** Saint Jean (ARP001050) Semi-Annual Reports to ADEQ (Heber Springs AR0022381)

Kenny,

The last correspondence this office can locate in your file is dated May 30, 2008. It contained three previous semi-annual reports: 11/06 thru 4/07; 5/07 thru 10/07 & 11/07 thru 4/08 with the last 2 indicating monthly avg. violations of Zn compared to the production based limits in 40 CFR 467.46 calculated last by Rufus Torrence back in May of '07.

What is the current status of St. Jean's operations? Is there still regulated wastewater being discharged to the Heber Springs' wastewater collection system? The last semi-annual report indicated there was still 1,313 gpd being discharged from the solution heat treatment.

Please advise.

Sincerely,

Allen Gilliam  
ADEQ State Pretreatment Coordinator
