Tim,

This office has not received your November 2012 semi-annual Pretreatment report. The last I have on record (dated 5/1/12) certified there was no regulated process wastewater discharged to the City during the previous six (6) months.

Please provide this office with your November 2012 semi-annual report stating there was no discharge of regulated wastewater to the City.

Or if there was regulated process wastewater discharged to the City please send in a completed semi-annual report with flow, production and analytical data verifying compliance with the Categorical Pretreatment limitations under 40 CFR 467.46, the Aluminum Forming Point Source Category.

This office would appreciate your attention to this matter.

Sincerely,

Allen Gilliam
