Tim,

My apologies and my oversight. You are current with your semi-annual Pretreatment reports.

This office can make no excuse for this oversight except my tracking system is not as automatic as thought designed. Your November 2012 has been located and was received on 11/2/12.

No further action is necessary until your next semi-annual Pretreatment report is due in May of 2013.

Again, apologies are extended for this oversight.

Sincerely,

Allen Gilliam
