*RE: Certification Letter for existing technically based local limits (TBLL)*

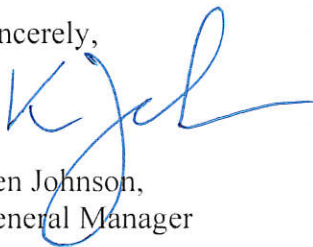

Dear Ms. McCutcheon:

Pine Bluff Wastewater Utility is required to submit, within sixty (60) days of the effective date of our permit, a written certification regarding the existing Technically Based Local Limits (TBLL). Per our permit requirement, the following certification is submitted:

Pine Bluff Wastewater Utility certifies that the technically based local limits (TBLL) are based on current state water quality standards and are adequate to prevent pass-through of pollutants, inhibition of or interference with the treatment facility, worker health & safety problems and sludge contamination.

If you should need additional information, please give me a call at (870) 535-6603.

Sincerely,

Ken Johnson,  
General Manager
