Harold (and Lorraine),

Your first draft “streamlined” Ordinance to bring it into compliance with the current 40 CFR 403 regulations has been finished. Because your old Ord. was not in the same template/order as EPA’s model Ord., I’ve made some pretty substantial Section “moves” to your old one to help “standardize” it and make it flow better with EPA’s.

Please find attached the color coded copy of your revised Pretreatment Ordinance with this office’s suggested and required revisions for your convenience.

It is in MS Word format, so it should be fairly simple to convert to a final document to be submitted back to this office for final review and approval.

A hard copy letter will follow shortly basically stating the same requiring submittal of your final draft Streamlined Pretreatment Ordinance within sixty (60) days from the date on that correspondence.

If you have any questions please feel free to contact this office.

Sincerely,

Allen Gilliam
ADEQ State Pretreatment Coordinator
