Ms. Ellington,

Your annual Pretreatment Report was received on 3/11/11, reviewed, deemed complete and compliant with the National Pretreatment Requirements in 40 CFR 403.12(i) and your NPDES permit requirements. No further actions are necessary at this time.

Kudos go out to you and your industries for achieving 100% compliance throughout your last Pretreatment Year.

Your influent and effluent analyses show you are well within your technically calculated Maximum Allowable Headworks Loadings and Water Quality "Levels Not to Exceed".

Thank you for your timely report.

Sincerely,

Allen Gilliam  
ADEQ State Pretreatment Coordinator
