City of Sheridan
Water and Sewer Works
P.O. Box 486
Sheridan, Arkansas 72150

Re: Hazardous Waste Letter

Dear Mr. Fitzgerald:

Your letter dated February 12, 2009, to FRED'S Pharmacy in Sheridan has recently been forwarded to my attention. Please note that FRED'S does not dispose of any hazardous waste, including hazardous waste pharmaceuticals, into the City of Sheridan's water and/or sewage collection system. Fred's has a procedure, policy and best practice in place whereby FRED'S records, packages and delivers expired and other unusable pharmaceuticals (which may or may not be considered hazardous waste) to a third party entity (located outside of Sheridan), who complies with applicable laws regarding the disposal thereof (or returns the products back to the manufacturer).

By responding to your letter, FRED'S is no way implying that it is a generator of Hazardous Waste. If you have any questions or comments or need further information, please feel free to contact me.

Sincerely,

Bradley D. McAdory, Esq.
