Subject: City of Conway (ARR0051951/AR0047279) 2022 Annual Pretreatment Report
Attachments: Pretreatment Attachments (Annual Report Form) '17.doc

Hello,

Conway Corporation's April 2022 Pretreatment Program Annual Report was received, reviewed, and deemed complete and compliant according to the reporting requirements set forth in 40 CFR § 403.12(i).

During review of your annual report, it was noted that some of the information is documented in milligrams per liter (mg/l) while results are reported in micrograms per liter ($\mu\text{g/l}$). In the future, please be sure to report in $\mu\text{g/l}$ for consistency. I have attached a blank electronic copy of the Pretreatment Program Annual Report for you to use.

If you have any questions, please do not hesitate to contact me.

Regards,

Jamie Belcourt | State Pretreatment Coordinator

Re: The City of Conway's Annual Pretreatment Report for 2022- NPDES Permits #
AR0051951 and # AR0047279

Dear Mrs. Belcourt:

Enclosed are copies of the City of Conway's Pretreatment Performance Summary
for 2022, monitoring result forms.

As noted in the enclosed report, Conway Corporation had zero industries that met
EPA's definition of being in significant non-compliance of their wastewater effluent
limits. Conway Corporation works diligently with our industries for compliance.

If you have any questions, please let me know.

Yours truly,
Conway Corporation

Environmental Coordinator

CC: NPDES Enforcement

- (1) It is advised that the influent and effluent samples are collected considering flow detention time through each plant. Analytical MQLs must be met for the effluent (and SHOULD be met for the influent) so the data can also be used for Local Limits assessment and NPDES application purposes.
- (2) This value was calculated during the development of TBLL based on State WQ criteria, EPA guidance and ADEQ Pretreatment staff Excel spreadsheets.
- (3) Record the name of any pollutant [40 CFR 122, Appendix D, Table II and/or Table V] detected and the quantity at which they were detected.

MAHL - Maximum Allowable Headworks Level

WQ - "Water Quality Levels not to exceed" OR actual permit limit.
