PUBLIC NOTICE OF DRAFT NPDES PERMIT
 PERMIT NUMBER AR0042447
 August 10, 2007

This is to give notice that the Arkansas Department of Environmental Quality, Post Office Box 8913, Little Rock, Arkansas 72219-8913 proposes a draft renewal of the permit for which an application was received on 01/17/2007 for the following applicant under the National Pollutant Discharge Elimination System and the Arkansas Water and Air Pollution Control Act.

The applicant's mailing address is:

Arkansas Tech University
 Lake Point Conference Center

Little Rock, Arkansas.

WEB SITE INFORMATION: For those with Internet access, a copy of the proposed draft permit may be found on the ADEQ's website at:

http://www.adeq.state.ar.us/water/branch/npdes/npdes_permit/npdes_permit.asp

CONTACT PERSON: The ADEQ contact person for submitting written comments, requesting information, or obtaining copies of the application, permit and the Statement of Basis is:

Krista Dastrechoski, P.E.
NPDES Branch, Water Division
Arkansas Department of Environmental Quality
Post Office Box 8913
Little Rock, Arkansas 72219-8913
(501) 682-0622

After the public comment period and public hearing, if one is held, ADEQ will issue a final permitting decision. ADEQ will notify the applicant and each person who has submitted written comments or requested notice of the final permitting decision. A final permitting decision means a final decision to issue, deny, modify, revoke and reissue, or terminate a permit decision by ADEQ in accordance with the APCEC (Administrative Procedures) to or make ADEQ's decision final. Submitting written comments or making a request for a public hearing on the record at the public hearing will not constitute a request for a final permitting decision. A final permitting decision will be issued by the Arkansas Department of Environmental Quality. Only parties with legal standing may request a public hearing. The permit is available for review at the Central Records Section, ADEQ, State Police One State Police Plaza, Little Rock, Arkansas.

ISSUANCE OF THE FINAL PERMIT: The permit will become effective no sooner than 30 days after the close of the comment period unless comments are received and/or a public hearing is requested prior to September 10, 2007 requiring a delay of the effective date.

COMMENTS AND PUBLIC HEARING: NPDES comments and public hearing procedures may be found at 40 CFR Parts 124.10 through 124.12 and APCEC Regulation No. 8. All persons, including the permittee, who wish to comment on ADEQ's draft permitting decision must submit written comments to ADEQ, along with their name and mailing address. During the comment period, any interested person may request a public hearing by filing a written request which must state the technical issues to be raised. A public hearing will be held if ADEQ finds a significant degree of public interest. If a public hearing is held, ADEQ will issue a public notice of the hearing at least 30 days prior to the scheduled hearing.

A draft permit and draft public notice will be sent to the District Engineer, Corps of Engineers, and to the Regional Director of the USF&WS on a case-by-case basis, and the EPA and Arkansas Department of Health prior to the publication of that notice.

PUBLIC NOTICE: In accordance with Arkansas Pollution Control and Ecology Commission (APCEC) Regulation No. 8, the public notice will be published by ADEQ in a newspaper of general circulation for one (1) day only. The public comment period will begin on the date of publication and will end no sooner than 30 days from that date. Comments must be received at ADEQ prior to the close of the public comment period.

- 1. The existing address has been corrected.
- 2. The coordinates for the facility location have been revised.
- 3. The narrative description of the facility location has been corrected.
- 4. An effluent limitation for Dissolved Oxygen has been added.
- 5. The effluent limitations for pH have been changed from 6.9 to 6.0-8.0.
- 6. The Daily Maximum Effluent Limitations for Total Suspended Solids have been changed.
- 7. A specific condition requiring Class II operator has been added.
- 8. Part II, Part III, and Part IV have been revised.
- 9. Discharge description has been changed.

ACTIVITY: ...
CHANGES: Significant changes from the previous permit and permit application are listed below. The permittee is responsible for correcting the errors and providing the necessary information to the Arkansas Department of Environmental Quality.

PERMIT NUMBER AR0042447

August 10, 2007

This is to give notice that the Arkansas Department of Environmental Quality, Post Office Box 8913, Little Rock, Arkansas 72219-8913 proposes a draft renewal of the permit for which an application was received on 01/17/2007 for the following applicant under the National Pollutant Discharge Elimination System and the Arkansas Water and Air Pollution Control Act:

The applicant's mailing address is:

Arkansas Tech University
Lake Point Conference Center
51 Lake Point Lane
Russellville, AR 72802

This is a renewal of the existing NPDES discharge permit.

208 PLAN (WATER QUALITY MANAGEMENT PLAN): The 208 Plan, developed by the ADEQ under provisions of Section 208 of the federal Clean Water Act, is a comprehensive program to work toward achieving federal water goals in Arkansas. The initial 208 Plan, adopted in 1979, provides for annual updates, but can be revised more often if necessary. Updates to the 208 Plan have been proposed to include Dissolved Oxygen to the existing water quality limitations and correct the design flow from 0.007 MGD to 0.0075 MGD.

BOD5/TSS/DO = 10/15/2.0 mg/l (year-round)

Design flow (Q): 0.0075 MGD

Background Flow of the receiving stream (7Q10): N/A (discharge to Lake Dardanelle)

FACILITY LOCATION: The facility is located as follows: approximately 1.6 miles east-northeast of Arkansas Nuclear One Power Plant near Russellville; Latitude: 35° 19' 18.45"; Longitude: 93° 12' 44.93" in Section 27, Township 8 North, Range 21 West in Pope County, Arkansas.

DISCHARGE LOCATION: The discharge from this existing facility is made into Lake Dardanelle, thence into the Arkansas River in Segment 3H of the Arkansas River Basin. The receiving stream with USGS Hydrologic Unit Code (H.U.C) of 11110202 and reach # 018 is a Water of the State classified for primary contact recreation, raw water source for public, industrial, and agricultural water supplies; propagation of desirable species of fish and other aquatic life; and other compatible uses.

OUTFALL LOCATION: The outfall is located at the following coordinates: Latitude: 35° 19' 15" Longitude: 93° 12' 46".

303(d) LIST CONSIDERATION: The receiving stream is not listed on the 303(d) list. Therefore no permit action is needed.

ENDANGERED SPECIES CONSIDERATION: No comments on the application were received from the U. S. Fish and Wildlife Service (USF&WS). The draft permit and Statement of Basis will be sent to the USF&WS for its review.

TYPE OF TREATMENT: septic/emergency storage tank followed by extended aeration activated sludge package plant, secondary clarifier, intermittent sand filter, and chlorine disinfection with the design flow of 0.0075 MGD.
