RE: Complaint investigation

Dear Mr. Paxton:

On April 26, 2007, I performed another inspection of your auto salvage yard in response to a complaint in accordance with the provisions of the federal Clean Water Act, the Arkansas Water and Air Pollution Control Act, and the regulations promulgated there under. This inspection revealed the following violation:

Operation of an auto salvage yard without a NPDES Storm Water Permit.

The above item requires your immediate attention. You may contact the NPDES Section at 501-682-0623 for information regarding the permit application process. Please submit a written response to this finding to the Water Division Enforcement Branch of this Department. This response should contain documentation describing the course of action taken to correct the item noted. This corrective action should be completed as soon as possible. The written response is due by May 25, 2007.

If I can be any assistance, please contact me at 870-446-6170.

Sincerely,
