

ARKANSAS DEPARTMENT OF  
POLLUTION CONTROL AND ECOLOGY

MINUTE ORDER NO. 74- 47

LOCATION - SUBJECT: APPLICATION  
FOR SOLID WASTE DISPOSAL PERMITS

September 27, 1974

PAGE 1 OF 1 PAGES

Each of the following has submitted an application for a permit for the construction and/or operation of a solid waste disposal facility:

Crittenden County (Sanitary Landfill)

Site location - Thirty-seven point one (37.1) acres of Section 20, T-7N, R-8 E of Crittenden County, Arkansas, West of Marion.

The site will be leased and operated by Crittenden County and will serve the county residents and the City of West Memphis.

City of Lonsdale (Sanitary Landfill)

Site Location - Two point two five (2.25) acres of Section 23, T-2S, R-17W of Garland County, Arkansas, southeast of Lonsdale.

The site will be operated by the City of Lonsdale for the disposal of that city's solid waste excluding bulky wastes which will be collected, periodically and disposed of at another permitted sanitary landfill.

Exemptions - 1. Requirement for daily cover. Frequency of cover shall be once per week.

2. Requirements for employee facilities.

3. Requirement for detailed engineering plans so long as the operation continues without major operational problems.

4. Requirements for attendant on site.

Norwood Trash Disposal (Sanitary Landfill)

Site location - one point five (1.5) acres of Section 1, T-2N, R-14W of Pulaski County, Arkansas, northwest of Little Rock.

The site is owned and operated by Charles Norwood for the disposal of refuse from house builders and wreckers and land clearing operations.

Exemptions - 1. Requirement for daily cover. Frequency of cover shall be as stated in the plans plus final cover.

2. Requirements for employee facilities

3. Requirements for detailed engineering plans so long as the operation continues without major operational problems.

Chairman

Submitted by: R. Hightower Date Passed: \_\_\_\_\_

9-27-74

FINDINGS: The Commission finds that the City of Hot Springs, Arkansas has consistently failed to operate its permitted sanitary landfill in accordance with the Arkansas Solid Waste Disposal Code.

ORDER: Therefore, Permit No. 1587-S, granted to City of Hot Springs, Arkansas on February 15, 1974, is hereby suspended, effective immediately. The City is ordered and directed to forthwith contour the area already filled to allow for drainage and to cover same with intermediate cover. No dumping of waste of any type shall be permitted hereafter.

The site not having been operated for the purposes represented to this Department, the permit will be reinstated only upon the following conditions having been met to the satisfaction of the Director:

1. Installation of fencing and lockable gate, adequate to prevent unauthorized use of the site;
2. Construction of drainage ditches and culverts as indicated by plans already submitted;
3. Submission of a supplemental application detailing types of waste to be handled at the site and daily operational procedure.

If the Director is satisfied that operation of the site as described in the supplemental application will meet the requirements of the Solid Waste Disposal Code, he may reinstate said permit without further action by this Commission.
