ARKANSAS DEPARTMENT OF
POLLUTION CONTROL AND ECOLOGY

MINUTE ORDER NO. 75-8

LOCATION - SUBJECT Compliance Schedule, Vulcan Materials

PAGE 1 OF 1 PAGES

On March 29, 1974 the Commission approved Minute Order No. 74-20 which granted Vulcan Materials permission to continue operating a dross mill and one furnace at Hot Springs until March 30, 1975.

Vulcan Materials requested on February 5, 1975 permission to continue operating their dross mill and one furnace at Hot Springs until September 1, 1975 because of slippages in delivery dates of equipment.

Inspections by the staff indicate that dross mill operations do not cause violations of the Air Code.

Therefore, Vulcan's request for extension is approved on the conditions that Vulcan continue to conduct it's operation in a manner which will continue to reduce to every possible extent the emission of air contaminants and the effects thereof.

ARKANSAS DEPARTMENT OF
POLLUTION CONTROL AND ECOLOGY

MINUTE ORDER NO. 75-9

LOCATION - SUBJECT: Compliance Schedule of Elk Roofing Co. at Stephens

PAGE 1 of 1 PAGES

Minute Order No. 74-8 issued on January 25, 1974 gave a compliance date of February 1, 1975 for the Elk Roofing Company at Stephens. Elk Roofing Company has presented evidence that although all practical efforts have been made to achieve compliance as soon as possible, delays in the delivery date of critical equipment has been experienced. Elk Roofing Company now requests that their compliance schedule be extended to July 1, 1975.

The Commission does hereby extend the compliance schedule for Elk Roofing Company until July 1, 1975.
