POLLUTION CONTROL AND ECOLOGY

MINUTE ORDER NO. 76-41

LOCATION - SUBJECT: SOLID

WASTE - REVOCATION OF PERMIT

PAGE 1 OF 1 PAGES

C & L (Sanitary Landfill)

FINDINGS: C & L Landfill is the holder of Permit Number 1322-S issued by the Department for a sanitary landfill operation in Washington County, Arkansas. Said landfill has consistently shown the following deficiencies:

1. Failure to apply proper cover (daily, intermediate, and final).
2. Failure to maintain proper cover.
3. Failure to maintain proper drainage.
4. Failure to control litter.
5. Failure to provide adequate landfill equipment.
6. Failure to prevent fly attraction and breeding.
7. Failure to provide all-weather operational roads.
8. Failure to control leachate.
9. Failure to control access to the site.
10. Failure to follow engineering plans and specifications as submitted.

Despite repeated warnings and despite the potentially hazardous consequences of these deficiencies, the permit holder has failed and refused to take curative action. The landfill, as presently operated, constitutes a pollution hazard and a danger to the health and welfare of the surrounding community. Said circumstances create an emergency.

C & L Landfill was notified in advance of the staff's proposal to revoke the aforesaid permit and has been granted the opportunity to be heard by the Commission before final action being taken.

ORDER: Permit Number 1322-S issued to C & L Landfill is revoked effective October 24, 1976, for failure to comply with the Solid Waste Disposal Code, Solid Waste Management Act and the terms of the permit itself. Upon the effective date of this order, C & L Landfill shall cease to accept solid waste and shall have begun application of final cover and shall have begun all other things necessary to prepare the site for final inspection in accordance with the Arkansas Solid Waste Code.
