

C & E Coal Company of Greenwood, Arkansas has requested a reduction in surety bond for 7.9 acres of Permit No. 167A-1. This land is located in a portion of the Sections 20, 21 and 29, township 6N, range 31W in Sebastian County, Arkansas.

On September 10, 1979, a field trip was conducted to this property for the purpose of determination that this permitted area of 7.9 acres had not been affected in any manner. Because of this confirmation by on-site inspection, the Mined Land Review Committee and the staff of the Department recommend that the Commission honor this operator's request.

Based upon the above and the attached information the Commission hereby approves the operator's request.

SURFACE MINING AND RECLAMATION SECTION

MEMORANDUM

TO: Mined Land Review Committee

FROM: Milton J. Bonner, Department of Pollution Control & Ecology

DATE: September 11, 1979

SUBJECT: C & E COAL COMPANY HAS REQUESTED RELEASE OF SURETY BOND
FOR 7.9 ACRES OF PERMIT NO. 167-A-1 AS NON-AFFECTED AND
WILL NOT BE MINED.

C & E Coal Company, operating out of Greenwood, Arkansas, has requested a reduction of surety bond on permit # 167A-1 covering a permitted area of 9 acres. The current mining and reclamation covered 1.1 acres with 7.9 acres unaffected.

On September 10, 1979, a field trip was conducted to this property for the purpose of determination that this permitted area of 7.9 acres had not been affected in any manner. Because of this confirmation by on-site inspection, The Department and The Mined Land Review Committee unanimously agree that this operator's request for release of surety be granted.

Release surety for 7.9 acres is \$5,530.00
Remaining surety for 1.1 acre is \$770.00
Total surety for 9 acre permit was \$6,300.00
