

Findings:

The carbon baking furnace stacks at Reynolds Metals Plant, Jones Mill, ^{are} ~~is~~ currently out of compliance with the allowable visible emission limits specified in the state regulations. To comply with the requirements of the regulations, Reynolds Metals Company has submitted the following compliance schedule for implementation of a plan to install pollution control equipment at the Jones Mill facility. This compliance schedule will be submitted to the Environmental Protection Agency (EPA) Region VI, in Dallas, Texas as a formal revision to the Arkansas SIP.

All applicable public participation requirements, if any, with respect to this proposed revision have been complied with.

<u>Action</u>	<u>Date Required</u>
1. Submission of plan to State of Arkansas	August 1, 1981
2. Submission of revised plan to State of Arkansas	November 13, 1981
3. Approval of plan by all government agencies	March 15, 1982
4. Arrange financing, complete engineering and let major equipment contracts	May 15, 1983
5. Start on site construction	September 1, 1983
6. Complete construction/begin start-up operation	August 1, 1984
7. Final compliance	October 1, 1984

Order:

The compliance schedule as submitted by Reynolds Metals Company is hereby approved as a formal SIP revision to the Arkansas Plan of Implementation for Air Pollution Control.
