

ARKANSAS DEPARTMENT OF
POLLUTION CONTROL AND ECOLOGY

LOCATION - SUBJECT: Hot Springs Regional
Sewage Treatment Plan

MINUTE ORDER NUMBER 82-14

PAGE 1 OF 1 PAGES

The Commission on Pollution Control and Ecology hereby defers the requirement for the reduction of phosphorus in the treatment process of the Hot Springs Regional Sewage Treatment Plant until such time as a nutrient wasteload allocation study can be performed on the receiving waters. This approval is subject to the following conditions:

1. The study shall be performed at City expense, in accordance with any available EPA Region VI criteria, and subject to EPA approval.
2. The City shall submit to the Department for its review and comments a work-plan complete with quality assurances prior to commencing the study.
3. The City shall provide a progress report to the Department at the end of every ninety (90) days during the course of the study.
4. The study shall be completed and the final report submitted to this Department no later than sixteen (16) months from the date the contract is issued for the study to be done, or July 1, 1983, whichever comes first.
5. The City having submitted a schedule of implementation to correct infiltration and inflow problems in the sewer system shall correct the infiltration and inflow problems such that no bypasses occur at the pump stations and the flow at the plant is reduced during major rainfall events to 18 MGD or $1\frac{1}{2}$ times design hydraulic loading. Correction of the infiltration and inflow problems shall be completed not later than July 1, 1983.
6. As plant loadings increase, continuing measures shall be taken to maintain the maximum flow rate in (5) above.
7. Each of the above actions shall be completed within the time allowed. Failure to comply with the conditions of this Minute Order shall result in strict enforcement of the permit terms and the deferment of the requirement for the reduction of phosphorus in the treatment process shall be rescinded.

Minute Order Number 81-57 issued on May 22, 1981 is hereby rescinded.
