

MINUTE ORDER NO. 83-21

SOLID WASTE SECTION
PAGE 1 OF 1

The Commission hereby approves the permit application submitted by the following firm, subject to the provisions of the Solid Waste Management Act, the Solid Waste Management Code, and the permit terms and conditions.

Sunray Sanitation - Green Forest

Carroll County Landfill

Additional Conditions: (a) This permit is for closure of the existing Carroll County Dump. The permit is effective only after a hydrogeologic study approved by the Department, including dye tracing analysis has shown that no subsurface migration from the landfill can effect the Yoëum Creek drainage basin upstream of the Green Forest city water supply intake. The applicant shall submit such study within thirty (30) days of the date hereof. (b) This permit shall expire when the approximate 10 acre disposal area described in the final engineering plans has been filled to design capacity. Waste disposal shall be limited to thirty (30) months from the date of issuance. Suitable clay material only will be supplied to achieve the final contours after this period. (c) Groundwater and surface water monitoring points shall be specified by the Department and shall be analyzed quarterly. Results shall be submitted to the Department after each analysis. The analysis shall include the following constituents: Cd, Fe, Pb, Zn, Mn, Chlorides, Nitrates, TDS, pH, COD, and BOD.
