

By this Minute Order, the Commission on Pollution Control and Ecology amends the FY'84 Construction Grants Priority System and List. These amendments are consistent with comments received from the public as recorded and are as follows:

- A) The Large Entity Ranking System will be revised to include separate ranking criteria for Segmented Projects and Enforcement Actions.

Factor 6 will read as follows: "All segmented projects will be awarded 10 points under this factor."

Factor 7 will read as follows: "Entities which have had sewer connection bans in effect since the enactment of PL92-500 pursuant to order(s) of the Commission on Pollution Control and Ecology and which order(s) require construction of facilities to meet the provisions of said order(s) will be awarded 2000 points under this factor and be ranked in the Large Entity System. Only those portions of the project necessary to meet Commission enforcement actions will receive these points. All other project portions shall be ranked under the otherwise appropriate Priority System and List."

- B) Based upon these amendments, the FY'84 Large Entity Fundable Priority List is as follows:

Table with 4 columns: PROJECT, RANK, POINTS, DOLLARS. Rows include Texarkana, H. S. Pleasant Hill, H. S. Piney, Fayetteville.

COMMISSIONERS

Handwritten signatures and initials of commissioners, including 'NO'.

Handwritten signature of the Chairman.
