

ARKANSAS DEPARTMENT OF POLLUTION
CONTROL & ECOLOGY

LOCATION - SUBJECT P. ITS BRANCH

MINUTE ORDER NO. 84-100

SOLID WASTE SECTION
PAGE 1 OF 1

The Commission hereby approves the permit application submitted by the following firm, subject to the provisions of the Solid Waste Management Act, the Solid Waste Management Code, and the permit terms and conditions.

Pike County - Murfreesboro

Pike County Sanitary Landfill

Additional Conditions: (a) This permit shall expire when the approximate 40 acre disposal area described in the final engineering plans has been filled to design capacity and is closed out in accordance with the provisions of The Arkansas Solid Waste Disposal Code. Phase I is for 9 acres only. Additional engineering design must be submitted for approval on the remaining acreage. (b) Proper preparation of the site shall be supervised and reported in writing to the Department by a Registered Professional Engineer prior to placement of any waste in the landfill. (c) All excavations shall be limited to 5 feet in depth. (d) All gravel layers encountered during excavation shall be lined with a minimum of 1 foot of clay material. (e) Provisions for an outside borrow area to provide for clay liner and cover material shall be outlined as needed or as required by the district inspector. (f) Provisions for a groundwater diversion trench shall be developed as required. (g) Each of the groundwater monitoring wells shall be analyzed quarterly during the first year of operation and twice annually thereafter unless more frequent monitoring is deemed necessary by the Department. Results shall be submitted to the Department after each analysis. The analysis shall include the following parameters: Cd, Fe, Pb, Zn, Mn, Chlorides, TDS, COD, pH, and Total Hardness.
