

MINUTE ORDER NO. 84-102

HAZARDOUS WASTE PERMITS
PAGE 1 OF 1

The Commission on Pollution Control and Ecology hereby approves the denial of the following hazardous waste permit applications which have been voluntarily withdrawn by the applicants. Part A of the RCRA permit application was previously submitted as indicated, and the facilities qualified for interim status. However, the owners/operators subsequently decided not to seek final RCRA permits and closed the facilities under plans approved by the Department. Closure of the facilities were effective on the dates indicated.

Formal denial of the permits by the Commission is necessary under the provision of 40 CFR Part 124 and the Arkansas Hazardous Waste Management Code in order to officially terminate interim status for subject facilities. This termination will become effective upon permit denial by the Commission.

Individual facilities will be notified by letter of termination of interim status.

NAME OF FACILITY	LOCATION	DATE PART A SUBMITTED	CLOSURE DATE
Chamberlain-Featherlite	Malvern	11/19/80	07/07/82
