

The Commission hereby approves the permit applications submitted by the below listed applicants subject to the provisions of the Arkansas Hazardous Waste Management Act (Act 406 of 1979), the Arkansas Hazardous Waste Management (HWM) Code, and the terms and conditions of the permit.

The statement of basis, public notice, and Response to Comments for each permit set forth the basic information pertaining to the conditions of the permits and the procedures used in arriving at final determinations.

The Administrative Records containing the application and all amendments thereto, the draft permit, final permit, statement of basis, Response to Comments, and all other applicable reference material used in formulating the permits is maintained at the Department of Pollution Control and Ecology, 8001 National Drive, Little Rock, Arkansas 72209, and is available for public review during normal working hours.

The permits will be for a period of five (5) years, at which time new permits must be applied for.
