ARKANSAS DEP. MENT OF POLLUTION CONTROL & ECOLOGY

MINUTE ORDER NO. 86-09

LOCATION - SUBJECT Re ons to the Arkansas Water Quality Standards

A Public Hearing was held March 3, 1986 to receive comments on the proposal by the Department of Pollution Control and Ecology to classify the watercourses described below in accordance with the provisions of Section 4 (F) of the Arkansas Water Quality Standards. Comments were received at the time of the hearing on the proposed revisions of Appendix A of the Arkansas Water Quality Standards. Subsequently, these comments have been addressed.

The Commission hereby approves these revisions to the Arkansas Water Quality Standards (Regulation No. 2) with the classification of the following streams as shown on the attached sheets.

1. Appendix A is revised to read:

   a. "Depot Creek," which is the receiving stream for the City of Benton.
   b. "Saline River above Tull Bridge to McNeil Creek," which is the receiving stream for Depot Creek.
   c. "Town Branch to Little Sugar Creek," which is the receiving stream for the City of Bentonville.
   d. "Ditch 17 and Ditch 30," which are the receiving streams for the City of Blytheville.
   e. "Curia Creek," which is the receiving stream for the City of Cave City.
   f. "Columbia Hollow Creek," which is the receiving stream for the City of Decatur.
   g. "Town Creek and T Lateral Ditch," which are the receiving streams for the City of Harrisburg.
   h. "Town Branch," which is the receiving stream for the City of Huntsville.
   i. "Little Lake Bayou," which is the receiving stream for the City of Lake Village.
   j. "Tributary to Bush Creek," which is the receiving stream for the City of Lincoln.
   k. "L'Outre Creek," which is the receiving stream for Lion Oil.
   l. "Caney Creek," which is the receiving stream for the City of Wynne.
