

A public hearing was held March 3, 1986 to receive comments on proposed revisions to the Water Quality Management Plan (208 Plan). Comments were received at the time of the hearing and, subsequently, these comments have been addressed.

The Commission hereby approves updating the Water Quality Management Plan with the following additions and/or revisions:

- I. Effluent limits were established by wasteload allocation studies for the following cities and respective receiving streams.
 - 1) Benton's discharge to Depot Creek.
 - 2) Bentonville's discharge to Town Branch.
 - 3) Blytheville's discharge to Ditch No. 30.
 - 4) Blytheville's discharge to Ditch No. 17.
 - 5) Cave City's discharge to Curia Creek.
 - 6) Decatur's discharge to Columbia Hollow Creek.
 - 7) Forrest City's discharge to an unnamed ditch to the L'Anguille River.
 - 8) Georgia Pacific's discharge (Fordyce) to Jug Creek.
 - 9) Harrisburg's discharge to Town Creek, tributary to T-Lateral Ditch.
 - 10) Huntsville's discharge to Town Branch.
 - 11) Lake Village's discharge to Little Lake Bayou.
 - 12) Lincoln's discharge to an unnamed tributary to Bush Creek.
 - 13) Lion Oil's discharge to L'Outre Creek.
 - 14) Sheridan's discharge to Big Creek.
 - 15) Wynne's discharge to Caney Creek.
