SUBJECT: Request by Gifford-Hill for release of surety bond on certain lands at their Millville plant at Bearden, Arkansas

Gifford-Hill & Company has requested the release of surety bond on certain lands covered by permit number 161. The request is for release of 60 acres in the Pennington tract, the remaining 31 acres in the Barner tract, and a 40 acre portion of the Internation Paper tract. All of the above mentioned acreage is located in Ouachita County.

The Mined Land Review Committee and staff of Arkansas Department of Pollution Control and Ecology have inspected these areas and are in unanimous agreement that Gifford-Hill has met the reclamation requirements of Act 336. Therefore release of the 131 acres is recommended.
