

MINUTE ORDER NO. 86-27

DISTRICT _____
PAGE 1 OF 1

On December 8, 1983, the Arkansas Commission on Pollution Control and Ecology, through Minute Order 83-68, imposed a construction ban within the boundaries of the Piney S.I.D. The ban was to remain in effect until such time as the comprehensive collection system within the Piney S.I.D. was installed and operable, certified by the engineer for the S.I.D. and approved by the Commission.

By this Minute Order, the Director of the Arkansas Department of Pollution Control and Ecology is authorized to lift the ban in Piney S.I.D. at such time as the Department determines that the conditions of Minute Order 83-68 are satisfied.
