

Custom Insulation, Inc. (Custom) has filed a Request for Review of Administrative Order, including stay, of the Director's Administrative Order dated March 16, 1989, which found Custom to be in violation of state law regarding asbestos removal. The Director assessed penalties against Custom in the amount of \$11,500. The Administrative Order was issued upon Custom's failure, either by it or by its attorney, E. Harley Cox, Jr., to timely respond to the Amended Notice of Violation without just cause. After a review of the facts and upon hearing arguments of counsel, the Commission finds that Custom's Request for Review and Stay be granted.
