MINUTE ORDER NO. 90-07

Acreage Reduction - Hope Brick Works
PAGE 1 OF 1

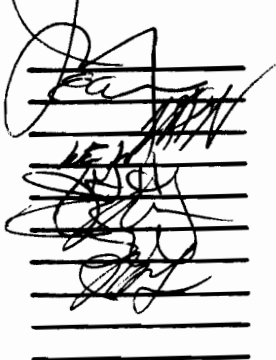

Hope Brick Works - Hempstead County, Arkansas

Hope Brick Works (HBW) has requested a reduction of acreage (from ten (10) to six (6) acres) for permit #416 in lieu of posting additional bond (a permit condition).

Since only six (6) of the ten (10) acres have been affected by the mining operation, the Mined Land Review Committee and the Department staff believe HBW should be allowed this acreage reduction and removal of the permit condition.

Based on the above and attached information, the commission hereby approves HBW's request.
