ARKANSAS DEPARTMENT OF POLLUTION CONTROL & ECOLOGY

LOCATION - SUBJECT Resolution presented by Mathis on 01-31-92 in reference to the Fort Smith odor problem

MINUTE ORDER NO. 92-08

PAGE 1 OF 1

WHEREAS, persistent odor problems in the Fort Smith area are a pressing concern of this Commission;

IT IS HEREBY RESOLVED by the Commission that the Department staff should explore and pursue any legal and practical means to commit funds at its disposal to share in costs of an independent study of odor problems in the Fort Smith area with the City of Fort Smith and Arkansas Proteins, Inc.;

IT IS FURTHER RESOLVED that, if legal and practical, the State's share of any costs should be paid from environmental fines collected by the Department, and that the State's share shall not exceed the lesser of one-third of the cost of the study or $25,000.

SO ORDERED this 31st day of January, 1992.
