

ARKANSAS DEPARTMENT OF POLLUTION  
CONTROL & ECOLOGY

LOCATION - SUBJECT \_\_\_\_\_  
Resolution presented by  
Mathis on 01-31-92 in reference  
to four projects to pursue

MINUTE ORDER NO. 92-09

PAGE 1 OF 1

WHEREAS, Act 1057 of 1991 allows the Director to accept in-kind services in partial mitigation of cash penalties for projects or programs designed to advance environmental interests; and

WHEREAS, the Director has identified the following four projects or programs which, if accomplished, would significantly advance the environmental interests of the State:

- (1) A pilot project for the collection and proper disposal of banned pesticides and herbicides.
- (2) A water quality study of the Ouachita River from Lake Catherine to the Louisiana border.
- (3) Research concerning appropriate water quality standards for metals in Arkansas streams.
- (4) Study of groundwater quality in the El Dorado/Magnolia area.

THE COMMISSION THEREFORE RESOLVES this 31st day of January, 1992, to endorse these four projects or programs, and encourages the Director to use whatever legal means at his disposal to pursue these worthy environmental ends.
