

**Arkansas' Surface Mining Control and Reclamation (Coal) Regulations
Amendments and Additions**

Upon request by the Federal Office of Surface Mining Reclamation and Enforcement, the Department of Pollution Control and Ecology revised the Arkansas Surface Coal Mining and Reclamation Regulations. These revisions will eliminate current inconsistencies and effectiveness deficiencies that exist between the State and Federal coal mining regulations.

The Department recommends the Commission adopt the attached regulations changes.

Based on the above and attached information, the Commission hereby adopts the attached regulation changes.
