

The Request for Rulemaking to Amend Regulation No. 2 to Adopt Toxicity Criteria ("Request") filed by the Arkansas Environmental Federation (AEF) is accepted by the Commission, and the Rules and Regulations Subcommittee is authorized and directed to initiate and conduct such rulemaking proceedings as may be required to develop a record on this matter, including the receipt and evaluation of public comment on the request. The Commission requests that a public hearing be scheduled at the earliest possible date so that a final decision on the Request can be made at the March, 1994 Commission meeting.
