TABLED PROPOSED MINUTE ORDER.

"Upon determination by the Staff of the Hazardous Waste Division that a decision regarding a U.S. EPA regulation results in significant lessening of the federal regulations as compared to the State regulations in effect in PC&E Regulation No. 23, the Staff will notify the Commission to initiate a public comment period to publicly evaluate the advisability of promulgating rule changes in the Regulation. This comment period will be used to complete the economic analysis mandated by Act 1264 of 1993, if applicable.

In the event that the Staff does not consider changes in the federal rules to be significant, the Commission will entertain petitions for Third-Party Rulemaking from affected parties."
