MINUTE ORDER NO. 95-030

PAGE 1 OF 1

The Commission hereby determines that circumstances warrant a finding that a threatened release of hazardous substances into the drinking water aquifer in the Avoca community justifies the expense of \$106,845 from the Emergency Response Fund as contemplated by A.C.A. 8-7-411(b) to provide municipal water services to the residents of Avoca.

To the extent necessary to assure expeditious extension of water services, this Minute Order of the Commission shall be considered *nunc pro tunc* and effective from the date of the Director's Emergency Order dated March 29, 1995.
