MINUTE ORDER NO. 97-25

PAGE 1 OF 2

On April 18, 1997, the Arkansas Department of Pollution Control and Ecology ("Department") submitted to the Arkansas Pollution Control and Ecology Commission ("Commission") proposed revisions to Regulation No. 18, the Arkansas Air Pollution Control Code, and revisions to Regulation No. 19, the Arkansas Plan of Implementation for Air Pollution Control (SIP).

Public notice was given and two (2) public hearings were conducted. Written comments were received and considered by the Commission.

On April 18, 1997 the Commission adopted revisions to Regulation No. 18, the Arkansas Air Pollution Control Code and to Regulation No. 19, the Arkansas Plan of Implementation for Air Pollution Control (SIP). The substance of these revisions was correctly described in the attached Statement of Basis and Purpose and Responsiveness Summary. However, the actual regulations presented to the Commission were drafts which did not reflect revisions addressed in the Responsiveness Summary. To assure that these important regulations are free of procedural error, the Commission finds that it should re-adopt Regulation No. 18 and Regulation No. 19.

IT IS, THEREFORE, ORDERED:

1. Minute Order No. 97-22 adopted by the Commission at its April 18, 1997 meeting is canceled.
2. The Statement of Basis and Purpose and Responsive Summary presented to the Commission on May 30, 1997 is adopted.
3. The Commission adopts the changes to Regulation No. 18, Arkansas Air Pollution Control Code, and the changes to Regulation No. 19, Arkansas Plan of Implementation for Air Pollution Control (SIP) as presented to the Commission on May 30, 1997.
