

## RECLAMATION COST FACTORS

1. Backfill cost minimum of \$1.10 per cubic yard of material moved less than 500 feet.
2. Backfill cost minimum of \$1.50 per cubic yard of material loaded and hauled in excess of 500 feet.
3. Topsoil spreading at \$1.50 per cubic yard or \$1,300.00 per acre for minimum depth only.
4. Topsoil replacement if insufficient topsoil is saved or not available to be saved (\$4000.00 per acre).
5. Vegetation (Cost per acre)
  - a. Seed Bed Preparation - \$100.00
  - b. Lime - \$160.00
  - c. Fertilizer - \$200.00
  - d. Seeding - \$300.00
  - e. Mulch - \$275.00

Total - \$1,035.00
6. Engineering, Reclamation Management and Administration (20% of items 1 thru 5).
7. Mobilization charge (2.5% of items 1 thru 6).

Note: These Cost Factors have been based on dollar amounts for each factor as contracted by ADEQ's Surface Mining and Reclamation Division's Abandoned Mine Land Program during 2009.
