Dear Mr. Szenher:

I am writing to express my support for the proposed amendments to Arkansas Pollution Control and Ecology Commission Regulation 5 and 6, to ban any new medium and large confined and concentrated swine operations in the Buffalo National River Watershed. I support this third-party rulemaking because

*I have seen the ruination of the rivers in states
who don't put ^{the waste from} these underground or process
it more completely onsite. Make CAFOs quit
externalizing their costs onto people's health. CAFOs
stink.*

Sincerely,

Dina + Jeff Nash
