Dear Mr. Szenher:

I am writing to express my support for the proposed amendments to Arkansas Pollution Control and Ecology Commission Regulation 5 and 6, to ban any new medium and large confined and concentrated swine operations in the Buffalo National River Watershed. I support this third-party rulemaking because

who wants to swim or canoe in water that even might  
be contaminated? - Tourists will change plans & take  
their children elsewhere! Economy will buffer

Sincerely,

Tom A. Saunders
