Dear Judge O'Malley,

ADEQ is in receipt of the CD containing the updated version of Regulation No. 6 and the 50 hard-copies produced by Central Arkansas Water. We have reviewed the file on the CD and the hard-copies and have found them to be true and accurate versions of the revisions to Reg. 6, as adopted by the Commission on May 27, 2010 (Minute Order No. 10-19). Please accept the CD and hard-copies produced by Central Arkansas Water for the purposes of distribution to the Secretary of State and others.

Thank you,
