**Subject:** Regulating Pig Farming on the Buffalo

Please regulate pig farming on the Buffalo. This river is a national treasure. I spent a lot of time camping on the Buffalo in the late 60's. At that time, the water was crystal clear, you could see across the river underwater. The last few times I have visited, the water has been murky and not as clear. Runoff into the river is damaging this natural resource. Please do whatever needs to be done to protect this river!
