

Arkansas Pollution Control and Ecology Commission

Regulation No. 6

Proposed Amendments – Executive Summary

With the passage of Act 1511 of the 2013 Regular Session, the General Assembly created a Committee and charged it with developing public notification requirements for any applicant seeking coverage under the general permit issued by the Arkansas Department of Environmental Quality (hereinafter “ADEQ”) for a proposed Concentrated Animal Feeding Operation (hereinafter “CAFO”) in Arkansas.

The Committee was comprised of one representative each from the ADEQ, Arkansas Agriculture Department, and Arkansas Farm Bureau and two members appointed by the Governor.

Following meetings and comments from stakeholders, the Committee presented to the Arkansas Legislative Council its recommendations for additional public notice requirements for any applicant for the CAFO general permit issued pursuant to Regulation No. 6¹. After presentation to the Arkansas Legislative Council, ADEQ filed before the Arkansas Pollution Control and Ecology Commission (hereinafter “APC&EC”) a Petition to Initiate Rulemaking on Regulation No. 6 to incorporate the Committee’s recommendations. The APC&EC approved the Petition to Initiate Rulemaking at its May 22, 2014 meeting.
