

MEMORANDUM

To: Arkansas Pollution Control and Ecology Commission (“Commission”)

From: Mike Bates, Chief, Air Division, Arkansas Department of Environmental Quality (“ADEQ”)

RE: Compliance with Act 143 of 2007

The proposed changes to Regulation No. 19 are not exempt from the requirements of Act 143 of 2007, as amended by Act 809 of 2009. Please see the attached Economic Impact Statement (“EIS”) (Exhibit “E,” of the Rulemaking Packet) and the attached e-mail from ADEQ staff to Ms. Pat Brown of the Arkansas Economic Development Commission (“AEDC”). On September 12, 2012, the proposed rule changes (Exhibit “A,” of the Rulemaking Packet) and EIS were submitted to AEDC for review pursuant to Act 143 of 2007, as amended by Act 809 of 2009. As of September 28, 2012, more than ten (10) business days have passed, and there has been no response from AEDC regarding this proposed rulemaking. At such time AEDC provides documentation of its review of the proposed changes to Regulation No. 19, ADEQ will supplement this memorandum by filing the response from AEDC with the Commission's Administrative Hearing Officer, and by placing an electronic copy of the response on the Commission's website.

Ms. Brown,

Please find attached Arkansas Pollution Control and Ecology Commission's proposed revisions to **Regulation Number 19**, and an Economic Impact Statement which was prepared pursuant to Act 143 of 2007. The proposed revisions to Regulation No. 19 are not expected to have an impact on small businesses in the State of Arkansas.

Changes to this air pollution control regulation were made in order to implement the United States Environmental Protection Agency's current National Ambient Air Quality Standards ("NAAQS") for PM2.5, PM10, ozone, lead, carbon monoxide, nitrogen dioxide, and sulfur dioxide.

Please do not hesitate to contact me should you have any questions or comments.
