### **Notice of Proposed State Implementation Plan Revision, Public Hearing, and Comment Period**

The Division of Environmental Quality (DEQ) is proposing a revision to the Arkansas Regional Haze state implementation plan (RH SIP). States with federal Class I areas are required to conduct certain analyses to establish goals for each Class I area in the state to 1) improve visibility on the haziest days and 2) ensure no degradation occurs on the clearest days. These goals and long-term strategies to achieve these goals are to be included in state RH SIPs covering each ten-year period leading up to 2064. This revision is intended to demonstrate how Arkansas has and will continue to make progress toward natural visibility conditions at federal Class I areas, pursuant to requirements for second planning period RH SIPs from the federal Regional Haze Rule at 51.308(f).

Pursuant to Ark. Code Ann. § 8-4-317, DEQ by this notice solicits comments of any interested party to the proposed RH SIP revision by submitting comments in writing on or before the end of the public comment period, which is March 29, 2022. All comments should be directed to Erika Droke at the electronic mail or physical mail addresses listed below.

Full and complete copies of the proposed RH SIP revision are available for inspection and review after making an appointment during regular business hours at the DEQ headquarters building, 5301 Northshore Drive, North Little Rock, AR 72118.

DEQ's public review process provides the opportunity for meaningful involvement of all people regardless of race, color, national origin, or income. Documentation associated with this SIP revision is freely available on DEQ's webpage. The public notice is published in a newspaper of statewide circulation and the online version of the notice is freely available at <https://classifieds.arkansasonline.com/marketplace-littlerock/category/Legal%20Notices/Legal%20Notices>.

DEQ will accommodate interested persons with limited English proficiency by producing critical information in languages other than English upon request. Request for materials in another language should be sent to Shay Randolph by email at [shay.randolph@adeq.state.ar.us](mailto:shay.randolph@adeq.state.ar.us) or by phone at 501-682-0801.
