New CALPUFF Modeling Scenarios to Support BART FIP Alternative Options

Dear Mr. Spencer:

In response to your April 27, 2017, letter, Domtar A.W., LLC (Domtar) requests a meeting to discuss the issues raised in your letter.

Since it is expected this discussion will be very technical in nature and will focus on technical details for CALPUFF modeling, Domtar will be represented by Mr. Jeremy Jewell and Mr. Nick Kordsmeier of Trinity Consultants (our modeling consultants). For efficiency purposes and to expedite resolution, we request ADEQ technical staff of Mr. David Clark and Ms. Tricia Treece also be present for the discussion. We would also welcome participation of yourself and any additional ADEQ staff.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink that reads "Annabeth Reitter".
