

**NOTICE OF RECEIVING BIDS
For
ADEQ MEDICAL MONITORING**

The Arkansas Department of Environmental Quality (ADEQ) is soliciting bids from qualified Medical Facilities to provide medical monitoring of select ADEQ staff. The ADEQ Medical Monitoring Program is designed to monitor the health of employees that may be exposed to hazardous substances. This program establishes the minimum medical qualifications for individuals to work with hazardous substances in the Offices of Air Quality and Land Resources.

The ADEQ Medical Monitoring Program will, at a minimum, meet the requirements of the OSHA Regulation 29 CFR 1910.120(f). The ADEQ Medical Monitoring Program includes, but is not limited to, the following:

- Medical Monitoring Services Program Development and Implementation
- Medical Review of All Physical Examinations
- Medical Surveillance Program
- Medical Resource Department
- Medical Review and Approval of Return to Duty Releases
- Consultation Regarding Employee Health Related Issues

The deadline for submitting the cost estimate form and any other details will be 4:00 p.m. on March 1, 2019.

The State of Arkansas supports equal opportunity in the participation in all areas of capital improvements, therefore minority and women's business enterprises are encouraged to participate. Interested parties may obtain a copy of the Medical Monitoring Procedures Bid Sheet specific to ADEQ by contacting Penny J. Wilson at wilson@adeq.state.ar.us or by calling 501.682.0868.

Bids must be mailed and addressed to:

Penny J. Wilson, Branch Manager
Regulated Waste Programs
Office of Land Resources
Arkansas Department of Environmental Quality
5301 Northshore Drive
North Little Rock, AR 72118

Envelopes should state "ADEQ-Hazardous Substance Medical Monitoring Bid" on the cover. Bids submitted in response to this request must address all items outlined on the Medical Monitoring Bid Sheet for consideration.
