Investigation Comments

On April 25, 2008, I returned a telephone call to Mr. Jim Parsons. Mr. Parsons informed me there were 4 concrete mixer drums in a ravine dumped behind the Bella Vista "Stump Dump". Mr. Parsons told me he would e-mail me the photograph showing the drums on this site. I then called Cooper Redi-mix and asked if they were aware of the situation. Mr. Paul Chandler informed me there were 4 unusable drums in the ravine that were placed there to be used as beneficial fill material. I informed Mr. Chandler that metal could not be legally included in a beneficial fill and this material either needed to be recycled or taken to a permitted Solid Waste Disposal Facility. Mr. Chandler then explained the drums would be removed that afternoon.

On April 29, 2008, I met with Mr. Chandler on site and observed the 4 drums had been removed from the ravine. Mr. Chandler stated the drums are to be dismantled and sold as scrap metal.

No violations of the Solid Waste Management Act were observed at the time of the site inspection.

Subject: 'STUMP DUMP'

Pictures from Jim Parsons.

The picture was taken on 04/24, 2007. The mixers have been there about two weeks. Please let me know when you receive this picture.

Thanks,

Jim
