A R K A N S A S Department of Environmental Quality

December 04, 2006

The Honorable David Anderson City of Monticello P.O. Box 505 Monticello, AR 71655

Re: NPDES Permit No. AR0021831

Dear Mayor Anderson:

On November 21, 2006, I performed a Sanitary Sewer Overflow inspection of the Monticello Wastewater Collection Facility in accordance with the provisions of the federal Clean Water Act, the Arkansas Water and Air Pollution Control Act and the regulations promulgated thereunder. The inspection revealed the following:

A manhole next to the Industrial Park Pump Station was discharging blue dye and raw sewage into the creek.

The above item requires your immediate attention. Please submit a written response to the NPDES Enforcement Section of this Department when the item has been corrected. This response should contain documentation describing the course of action taken to correct the item noted. This corrective action should be completed as soon as possible, and the written response is due by December 28, 2006.

If you have any questions concerning this inspection, please feel free to contact me at (870) 862-0680.

Sincerely,

John W. Lamb

District Field Inspector

Water Division
