<input type="checkbox"/> Effluent/Receiving Waters	<input type="checkbox"/> Laboratory	<input type="checkbox"/> Storm Water	<input type="checkbox"/> Other: Effluent Limits

Section D: Summary of Findings/Comments (Attach additional sheets if necessary)

This NPDES Industrial User Inspection was performed after the May 22, 2007, Compliance Evaluation Inspection at the POTW revealed that a Consent Administrative Order between Hanesbrands and Clarksville Light and Water. Mr. Eddie Shirley of Hanesbrands, Mr. Gregg Rainey and others from Clarksville L&W, Mr. David Long from EPA Region VI and the writer were present. A facility site review was performed at the pretreatment plant. The inspection revealed that oils contained in some of the various raw materials supplied to Hanesbrands have been passing through to the Clarksville Wastewater Plant adversely affecting the treatment processes. The importance of the timely compliance with the requirements and deadlines contained in the Consent Order were stressed to Mr. Shirley.

Re: AFIN: 36-00038; NPDES Permit No. AR0022187

Dear Mr. Harrison:

On May 23, 2007, I performed an Industrial User Inspection of the Hanesbrands facility in accordance with the provisions of the federal Clean Water Act, the Arkansas Water and Air Pollution Control Act and the regulations promulgated there under. I was accompanied by Mr. David Long, USEPA Region 6 Inspector, who was there for oversight, and Mr. Gregg Rainey of Clarksville Light and Water. This inspection revealed that Hanesbrands is now in compliance with a Consent Order between Hanesbrands and CL&W and is working toward a solution its pretreatment problem.

If I can be of any assistance, please contact me at 870-446-6170.

Sincerely,

Bruce Kirkpatrick
District Field Inspector
