CRAIGHEAD COUNTY REGIONAL SOLID WASTE MANAGEMENT DISTRICT
Administrative Grant

3.0 Project Description

- 3.1 Administrative Grant Funds are requested to provide funding for administration costs involved with coordination of and reporting on the solid waste and recycling activities, as well as the licensing of solid waste haulers. The District currently has a contract with Hummelstein's Recycling Center to staff and operate the MRF owned by the District. The public/private cooperative has resulted in better utilization of grant monies, more efficient operation of MRF, increased quantities of commodities for optimum processing and marketing. This contract is the cornerstone of HRC being a regional processor and serving other Districts. The Recycling Education Coordinator and the 2006 recycling promotion "Kurby the Blue Bag" or a similar campaign will continue through 2007. The goals of the promotion are: 1) provide incentives for citizens to develop recycling habit; 2) increase the level of commitment by the cities to support recycling; 3) build working partnerships with private industries to share in the costs and activities of recycling; and 4) to increase the household recycling tonnage by 20%.

The desired short-term outcome is for a higher rate of participation in recycling for District residents, with an immediate increase of tonnage. Long-term benefit will be a sustained recycling habit, with creative and new methods of reducing the waste stream and extending the life of the landfill.

The greatest potential for growth is in the commercial and industrial recycling areas. Hummelstein's already serves this market on a regional basis, in scrap metal. The opportunities to expand into other commodities in commercial quantities is best suited to private enterprise because of unlimited boundaries, and ability to react to market pressures.

An Industrial Recycling Coalition has been established for regional waste management officials. A computer Work Group site provides mutual resource access for the companies. This allows participants to list residual commodities that would otherwise enter the waste stream; or to search for commodities that might be by-products, excess or obsolete inventory or production scrap. The site is co-sponsored with Hummelstein's Recycling Center. The District will continue to pursue every opportunity to build this cooperative relationship.

- 3.2 No. 1 and No. 2 plastics, tin cans, aluminum cans and clear glass will be recycled.

3.3 The project will encompass the entire District (Craighead County) with a population of 82,148. The promotions are targeted toward residents in single-family dwellings in incorporated areas; however, the Recycling Education Coordinator also focuses on educators, citizen's groups, and industrial facilities in the District.

3.4 Days and hours of operation are: 8 AM - 5 PM, Monday through Friday

The objective evaluation of this project will be based on tonnage increases, and expanding numbers of commodities being processed. The successes in these areas will be important to maximizing landfill space.

The following items are **not** eligible for funding from recycling grants:

Taxes
Reimbursement of funds
Retroactive purchases
Legal fees
Licenses or permits
Land acquisition
Vehicle registration
Utilities including telephone
Office equipment

All grants are subject to the requirements of A.C.A §8-6-601 et. seq. and Arkansas Pollution Control and Ecology Commission Regulation 11, Chapter Five: Solid Waste Management and Recycling Grants Program. Highlights include:

Grant Recipients agree to:

- Conform to all state laws on the purchase, use or sale of equipment and facilities secured with grant funds.
- Have design plans for construction of permanent facilities with an estimated cost of \$50,000 or greater approved by a professional engineer unless otherwise approved by ADEQ.
- Seek competitive bids or requests for proposals (RFP) for purchase of equipment or services with an estimated cost of \$10,000 or greater. This should be done through an advertisement in an area newspaper of general circulation.
- Start grant project before application deadline for the next grant round. Delays must be approved in writing by both the RSWMD and ADEQ.
- Develop the recycling program presented in the application and expend all grant funds within three years. Extensions must be approved in writing by both the RSWMD and ADEQ.
- Actively seek to market or reuse materials collected in three years.
- Use any interest earned on grant funds exclusively for this or other recycling programs.
- Maintain an orderly accounting system to document that grant expenditures are made in accordance with project budget. This includes keeping copies of all bids, paid invoices, canceled checks, and other appropriate paperwork.
- Report to the RSWMD for five or more years as directed by ADEQ & the board.

RSWMD Boards agree to:

- Establish or designate at least one adequate recyclable materials collection center in each county.
- Ensure that all applicable federal, state and local permits and licenses have been obtained; the project has begun; and adequate revenue sources for continuation of the program are in place before disbursing grants funds.
- Ensure that recipients conform to all state laws that are applicable to the purchase, use or sale of equipment and facilities secured with state funding.
- Ensure that facilities or equipment purchased with grant funds be used exclusively for the general purposes specified in the grant application. **Note: facilities and equipment purchased with grant funds may not be sold, traded or transferred without the Department's written consent.**
- Require grant recipients to maintain an orderly accounting system to document that expenditures are made in accordance with project budget. This includes keeping copies of all bids, paid invoices, canceled checks and other appropriate paperwork.
- Review any change order forms submitted. If approved, submit to ADEQ.
- Review requests for delay of start of grant projects. If approved, submit to ADEQ.
- Compile and submit annual progress reports to ADEQ by **September 1** of each year for a period of five years following the disbursement of funds, or until the expenditure of grant funds is complete.
- Notify ADEQ in the event a recipient has not met conditions of the approved grant application.

All grants are subject to audit. Department personnel have the right of access to all records pertaining to a grant-funded project or activity.

I hereby certify that I have read and agree to the conditions of grants as stated above and contained in the listed legislation and regulation.
