Permit Coordination Form

4

APPLICANT: _____

In an effort to provide better permit coordination, the Department has prepared a list of key questions which will help identify what permits, licenses, or approvals of a permit-like nature may be needed. It is the applicant's responsibility to identify and obtain needed permits, licenses and/or approval.

Submit this completed form with your application to expedite its review and to reduce the possibility that your project will be delayed due to the untimely discovery of additional permitting requirements later.

As a condition of the grant award, if your project is accepted for funding, copies of required permits, licenses or written approval will be required.

If you answer "yes" to any of the following questions (by circling the "Y"), you may need a permit, license or approval from the appropriate authority.

1. Y N Does the project involve the discharge of any type of wastewater to a storm sewer, drain, lake, stream, or other surface water?
2. Y N Does the project involve the discharge of liquids, sludges, wastewater and/or wastewater residuals into or onto the ground?
3. Y N Does the project involve the storage of chemicals, petroleum products, or salt on the property?
4. Y N Does the project involve the on-site storage of sanitary sewage prior to ultimate transport and disposal off-site (pump and haul)?
5. Y N Does the project involve the transport of septic tank, cesspool, or dry well contents?
6. Y N Does the project involve the on-site treatment, storage, or disposal of hazardous waste?
7. Y N Does the project involve burning, landfilling, storage, composting, transferring or processing any type of solid non-hazardous wastes on site?
8. Y N Does the project involve the installation, construction, reconstruction, relocation, or alteration of any process or process equipment (including air pollution control equipment) which has the potential to emit air contamination?
9. Y N Does the project involve the construction or alteration of any sewage collection or treatment facility?
10. Y N Does the project involve any work (dredging, filling, construction) proposed in a:
 - a) River, stream, creek, ditch, or swamp
 - b) Wetlands or floodplain (area that has standing or flowing water any time of the year)?
11. Y N Does the project involve any dredging proposed with 500 feet of a lake, stream, creek, or ditch?
12. Y N Does the project involve any work proposed on or within the boundaries of State or Federal land?
