2011 Administrative

1. The Mississippi County RSWMD is comprised of various recycling projects in municipalities throughout the county as well as a tire collection site at the county landfill.
2. Administrative funds will provide the necessary material needed to enhance the work efforts for the benefit of recycling in Mississippi County.
3. The success of this effort will be reflected in the continual growth of the recycling projects as more and more people participate in these efforts.
4. The District Recycling Sub-committee will meet and plan the appropriate use of the grant funds so that program objectives are achieved. Funds from the County general account will be used for continual administration efforts once funds are depleted.
5. As the district carries out the recycling programs, the residences will become more and more involved. Administrative funds enable the District to accomplish and maintain the needs of the program so that these recycling programs and projects can continue and grow.
6. The overall goal of our recycling programs is to increase the amount of recycled materials collected and also reused in the community; as well as reducing the materials placed in the landfill. Community residents are made aware of projects and programs through community events, media ads, and radio announcements.

PUBLIC NOTICE

The Mississippi County Regional Solid Waste Management District (MCRSWMD) is submitting to the Arkansas Department of Environmental Quality (ADEQ) a change order to move \$6,729 from MCO 01-10, the as-yet City of Blytheville grant originally allotted for \$44,696 and be transferred to Administration grant MCO 00-10. This will increase the Administrative grant to \$9,000 and decrease MCO 01-10 grant to \$37,967. MCRSWMD also wishes to make a correction to the change order that was submitted for publication to move \$9,000 from MCO 01-11 Recycling Education grant which was originally funded for \$17,000. The correct amount should be \$7,707, which will decrease MCO 01-11 grant to \$9,293.
